She looks ugly, she looks fat
Oh my gosh, don't say that
She's in the bathroom throwing up
You look good---you're not enough
You're so skinny. I lost weight.
You need meat, you made a mistake.
She's crying makeup down her face.
She eats, she eats, she's losing weight.
I'm not enough, I'm a disgrace
My hair is blonde, eyes blue
Why am I not enough for you?
I'm sucking in, half of me is fake.
Pretty hurts, my smile is fake.
Do not know what to do
Baby, I don't deserve you.
I'm hurting, I am lost.
Only looking at my faults.
Beautiful is not earned, it's a given.
It's better to be genuine. Please make up your mind.
I'm not myself, I'm not fine.
All this makeup, it took time
Yet all of this done for you
I don't exist, I'm nothing to you.
Mascara runs down her eyes
All of it was a waste of time.
